

IN BRIEF

High School HM in ACB net

Hyderabad, Feb 28 (UNI) : Anti Corruption Bureau Officials on Friday arrested Zilla Parishad High School (ZPHS) Head Minister Tali Ravinder in Bhadradi Kothagudem district while demanding and accepting a bribe of Rs 20,000 from a complainant.

ACB sources said the Head Master took the bribe to process the transfer of Rs 30,000 under the Central Government Scheme Self Defence Program (Rani Lakshmi Bhai Athma Raksha Prashikshan).

The amount was sanctioned by the Government as an honorarium amount to her. The Headmaster demanded the amount, on the pretext that the amount would be utilized for providing snacks and nutritious food to children, ACB said in a release here.

The bribe amount was recovered from the possession of the Accused Officer.

The Head Master was arrested and produced before the III Additional Sessions Judge for SPE and ACB cases, Warangal. The case is under investigation.

ACB arrests two Excise women cops on Graft charges

Hyderabad, Feb 28 (UNI) : Anti Corruption officials have caught two Excise women cops red handed while demanding and accepting a bribe of Rs 10,000 for doing an official favor " for taking action against persons, selling toddy illegally in the toddy-selling licensed area of the complainant in Nirmal District.

ACB sources said an excise women Sub-Inspector Patil Nirmala, working at Bhainsa in Nirmal district was caught red-handed at her residence in Bhaina town by the Anti Corruption officials on Thursday night while she demanded and accepted Rs 10,000 as a bribe from the complainant through an excise women Constable Salika Sujatha for doing an official favor " for taking action against persons, who are selling toddy illegally in the toddy selling licensed area of the complainant".

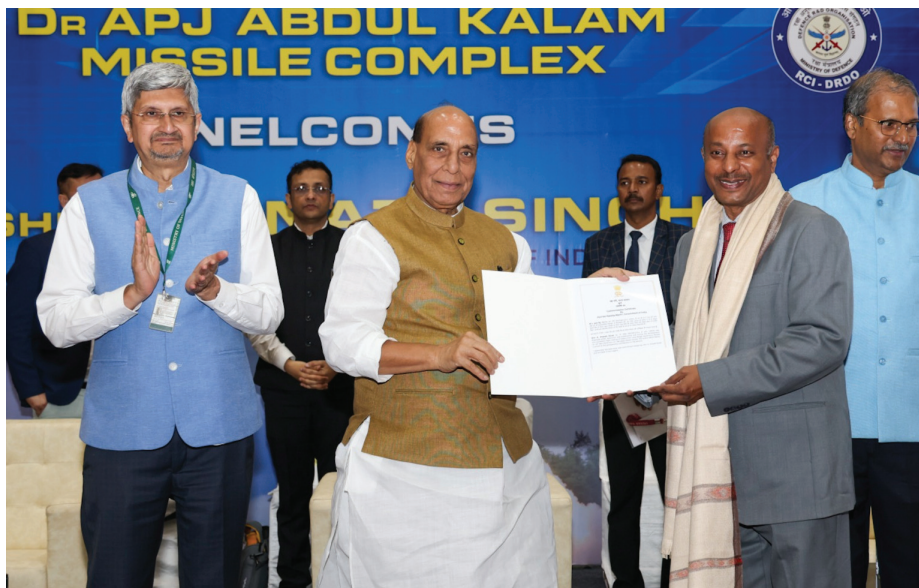

The accused officers performed their duties improperly and dishonestly to obtain undue advantage. An ACB release said the SI already had taken Rs 5000 from the complainant to do the official favour, and the complainant's details are withheld for security reasons.

India can remain strong and secure if it has solutions to critical technological challenges: Rajnath Singh

Hyderabad, Feb 28 (UNI) Union Defence Minister Rajnath Singh on Friday said " India can remain strong and secure in adverse situations if it has solutions to critical technological challenges".

Rajnath called upon the youth to inculcate scientific temper and excel in frontier technologies by making the best use of the internationally competitive infrastructure being established in the country due to the Government's efforts. Addressing after inaugurating Vigyan Vaibhav, a two-day science and technology extravaganza organised here as part of National Science Day celebrations, Rajnath said "War is increasingly moving from hardware to software-oriented. New technological breakthroughs are on the horizon and we have to take a lead in transformative technologies such as Artificial Intelligence (AI), Quantum Computing, Machine Learning (ML) and Clean-tech".

Our youth must adopt scientific outlook & critical thinking and try to go beyond the ordinary, he said and recalled the words of

former President Dr APJ Abdul Kalam who said "Science is a beautiful gift to humanity; we should not distort it but use it for betterment of society".

The Union Defence Minister reiterated Prime Minister Narendra Modi-led Government's commitment to harness modern technology for the safety and security of the nation, terming education in the field as crucial for the future.

India's youth possesses tremendous potential and it is the Government's endeavour to harness their capabilities to achieve the vision of Viksit Bharat by 2047, he said.

Rajnath Singh threw light on the New Education Policy 2020 which aims to transform science education in the country by encouraging creativity, critical thinking and innovation.

The theme of this year's National Science Day -- 'Empowering Indian youth for global leadership in Science and Innovation for Viksit Bharat' reflects the same approach, he described the theme as a reflection of New India's aspiration for progress through innovation and global scientific leadership.

Speaking on the occasion, Telangana Chief

Minister A Revanth Reddy stated that Hyderabad has long been a hub of scientific excellence and technological innovation.

He urged the young minds participating in Vigyan Vaibhav 2025 to dream big and embrace innovation with passion.

As part of the event, a grand exhibition has been organised which welcomed over 30,000 students.

Featuring 200+ exhibition stalls, it provided a rare opportunity for students to witness cutting-edge defence and aerospace technologies developed by DRDO and leading Indian industries. The exhibition

aimed to ignite curiosity, inspire innovation, and encourage young minds to pursue careers in STEM fields, fostering the next generation of scientists, engineers, techno-preneurs who will propel India towards global technological leadership.

Secretary, Department of Defence R&D and Chairman DRDO Dr Samir V Kamat; President, Aeronautical Society of India (AeSI) Dr G Sateesh Reddy; Director Generals and Directors of DRDO; CMDs of PSUs and heads of industries attended the event organized jointly by DRDO, AeSI, and Kalam Institute of Youth Excellence to commemorate National Science Day in honour of legendary scientist Sir CV Raman and his groundbreaking contributions to science. The event brings together policymakers, scientists, industry leaders, academicians, and young innovators to discuss and showcase advancements that will shape the nation's future. As India advances towards Viksit Bharat by 2047, it serves as a reminder that the path to self-reliance is paved with scientific excellence, innovation, and collaboration.

11 workers injured after portico of under-construction building collapsed

Hyderabad, Feb 28 (UNI) : Eleven construction workers were injured after a temporary support structure of an under-construction building collapsed on the University of Hyderabad campus. The incident occurred on Thursday night. The construction of the building was entrusted to the Central Public Works Department (CPWD), the University said in a release here on Friday. The University administration is deeply concerned about the incident and took every possible measure in this regard. Police have Suo Moto filed an FIR on the incident and took the site supervisor into custody for questioning, said University Registrar Dr. Devesh Nigam.

The University administration is in the process of filing a separate complaint with the Police on the incident, he said.

It is decided to constitute a committee by March 3 to investigate the circumstances that led to the unfortunate incident, conduct a safety audit of the building under construction, and submit a report at the earliest; the specific terms of reference will be finalized by tomorrow, the Registrar said. The committee will also review the quality and safety of all other buildings that are under construction on the campus and take necessary action to avoid such unfortunate incidents on the campus, he said. CPWD has already been asked to submit immediately, a detailed report on the incident and the corrective & preventive measures to be undertaken by them at all the construction sites on the campus, he said. Ensure that proper medical care is extended to the injured workers and the medical expenditure has to be borne by the contractor/agency as per the MoU, he said provide suitable compensation to the injured workers as per the extant labour laws.

Fortunately, there have been no casualties, and of the total injured, two workers received first aid at the University Health Centre while the remaining nine were rushed to a nearby corporate hospital, where eight of them were discharged after treatment and one person is kept under observation and his condition is reported to be stable. Under the direct supervision of the NDRF team, the excavators removed the debris and cleared the area and fortunately, it was found that no worker was trapped in the rubble, the Registrar added.

Meanwhile, the officials of the CPWD explained that "While finishing the portico work, an accidental contact between the boom pump -- used for transferring liquid concrete onto the slab -- and the scaffolding resulted in the collapse of the support structure leading to the accident".

Uttarakhand Avalanche: Shah speaks to state CM Dhami

New Delhi, Feb 28 (UNI) Union Home Minister Amit Shah spoke to Uttarakhand Chief Minister Pushkar Singh Dhami after an avalanche hit a BRO labour camp between Mana and Badrinath early on Friday burying 57 workers.

He also spoke to the Director General, ITBP and the DG of National Disaster Response Force (NDRF).

On X, Shah in a post said, "Spoke to Chief Minister Shri @pushkardhami ji, DG ITBP and DG NDRF regarding the glacier burst in Chamoli, Uttarakhand. Our priority is to safely evacuate the people trapped in the accident".

"The local administration is engaged in rescue operations with full readiness. Two teams of NDRF are also reaching the spot soon," the Home Minister said.

ITBP and Indian Army rescue teams swiftly launched rescue operations, evacuating 10 injured workers who are now receiving treatment in ITBP and Army MI rooms, an ITBP statement said.

Efforts are ongoing to locate and evacuate the remaining trapped workers, despite extreme weather challenges.

Rescue operations are in full swing, with all necessary precautions in place. Further updates will be shared as the situation unfolds, the statement said.

BRS demands state govt to allocate Rs 4,000 crore for minority welfare in upcoming budget

Hyderabad, Feb 28 (UNI) BRS senior leader Shaik Abdullah Sohail on Friday demanded that the Congress government allocate Rs 4,000 crore for minority welfare in the upcoming budget, as promised.

In a statement here, Sohail urged the government to pass a bill introducing the Minorities Sub-Plan in the forthcoming budget session and to amend 'The Telangana State Minorities Commission Act, 1998' to make it a permanent body.

The Congress government must honour its election commitments or face the consequences in the upcoming elections, he cautioned.

He strongly condemned the state government for completely neglecting the welfare of minorities while preparing the State's annual budget for 2025-26.

he said that neither Chief Minister A Revanth Reddy, who also holds the Minorities' Welfare portfolio, nor Deputy Chief Minister Bhatti Vikramarka, who is also the Finance Minister, conducted a single review meeting with officials or even with Muslim leaders from their party to discuss budgetary provisions.

While similar meetings were held for other

communities, minorities were completely sidelined, he alleged.

Criticising the Congress government for failing to release the funds allocated for minority welfare in the previous budget, he said that out of the Rs 2,997 crore allocated in 2024-25, only Rs 1,099 crore had been spent by January 2025. Training and employment funds were also misused, with just Rs 1 crore spent out of Rs 30 crore. The much-needed Shaadi Mubarak scheme saw an expenditure of only Rs 282 crore from its Rs 650 crore allocation.

Similarly, the Wakf Board received only Rs 67 crore out of the Rs 120 crore promised, he said several other schemes, including pre-matric scholarships, MSDP State Matching Grant, Urdu Academy, and the Wakf Commissioner's Survey, were almost completely ignored, he also alleged..

He reminded that the Congress party had made 12 major promises to Muslims through a separate Minorities Declaration and had also made 420 assurances to various communities before the elections. However, even after 15 months in power, the government has failed to indicate when these promises will be fulfilled.

Amit Shah holds review meeting on law and order in Capital

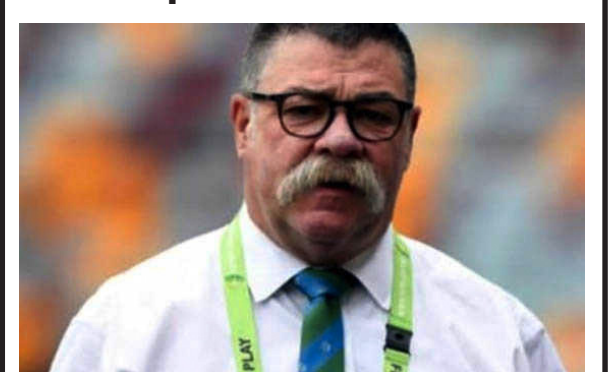

Union Home Minister Amit Shah on Friday chaired a crucial meeting to review the law and order situation here. The meeting was attended by Delhi Chief Minister Rekha Gupta, Delhi Home Minister Ashish Sood and senior officers from the Delhi government. Besides, Delhi Police Commissioner Sanjay Arora, Union Home Secretary, Intelligence Bureau (IB) Chief, and senior officers from the Ministry of Home Affairs were also present in the meeting. (See on page 2)

Russia launches Progress MS-30 cargo spacecraft to resupply ISS

Russia successfully launched the Progress MS-30 cargo spacecraft into orbit using a Soyuz-2.1a rocket on Friday, Russia's state space corporation Roscosmos said. The carrier rocket lifted off from the Baikonur space center in Kazakhstan at 00:24 a.m. Moscow time Friday (2124 GMT Thursday). (See on page 4)

Former Australian batter David Boon to join Cricket Australia ...

Test and one-day international batting great David Boon has been appointed to the Cricket Australia board. Tasmanian Boon, whose 7422 runs in 107 Tests included 21 centuries, will join the CA board on March 28 to fill the vacancy left by Paul Green. (See on page 5)

Govt should help dependent of deceased from Kumbh's ...

Samajwadi Party (SP) president Akhilesh Yadav on Friday said that the Uttar Pradesh government should make arrangements to find and send the missing people home along with compensating the families of the victims of the stampede at Sangam bank from the earnings from the Maha Kumbh. (See on page 8)

Meeting of General Manager, Western Railway, Ashok Kumar Mishra with MPs

(Standard Post Bureau)

Ratlam, Feb 28 : A meeting with General Manager Western Railway Mr Ashok Kumar Mishra and Hon'ble MPs on Western Railway Ratlam Division was held in the Committee Room of Divisional Office Ratlam on 28th February, 2025.

The meeting started with the welcome of the honorable guests and after that in the welcome address by General Manager Western Railway Mr Ashok Kumar Mishra, he told about the work being done by Western Railway Ratlam Division. The honorable guests unanimously elected Shri Savitri Thakur, Hon'ble Minister of State for Women and Child Development as the Chairperson of the meeting and the meeting was held under the chairmanship of Smt. Savitri Thakur.

The honorable MPs and their representatives were informed about the achievements of Ratlam Division including the work being done in the context of safety, security and infrastructural development through a presentation by Divisional Railway Manager Shri Ashwani Kumar.

At present, the works being done for safety, security and passenger facilities as well as

development of infrastructure on Ratlam Division were appreciated by the Hon'ble MPs.

Various issues of Ratlam Division such as doubling of Neemuch-Ratlam section, Indore Dahod new rail line, speedy completion of Mhow Sanawad gauge conversion work, speedy completion of redevelopment work of Ujjain and Indore stations, doubling of Ujjain-

Fatehabad section along with Ratlam-Indore via Fatehabad, stoppage of trains at various stations, extension of trains, starting new trains from Indore and Ujjain, as well as various issues related to passenger facilities were discussed by the Hon'ble MPs. The Hon'ble MPs also gave suggestions to hold a separate meeting for the Simhastha Mela to be held in Ujjain in 2028 and to

discuss the preparations to be made in that regard.

General Manager Western Railway Shri Ashok Kumar Mishra listened to the issues of Hon'ble MPs and MP representatives carefully and assured all the members that your suggestions will be considered and appropriate decision will be taken and you will be informed as soon as possible.

MANUU Film Club Hosts Inaugural KA Abbas Memorial Lecture on Islamicate Influences in Bombay Cinema

(Standard Post Bureau)

Hyderabad, Feb 28 : The University Film Club of Maulana Azad National Urdu University (MANUU) organized the First KA Abbas Memorial Lecture, featuring distinguished speaker Professor Ira Bhaskar, retired faculty from the School of Arts and Aesthetics at Jawaharlal Nehru University, New Delhi.

The lecture, titled "Islamicate Cultures of Bombay Cinema," explored the profound influences of Islamicate culture on films produced in Bombay throughout cinema history.

The event, held at the Cultural Activity Centre on campus, attracted a diverse audience including undergraduate and postgraduate students, PhD scholars, and faculty members from various departments. The lecture marked the beginning of what is expected to become

an annual tradition honouring the legacy of KA Abbas, the renowned filmmaker, screenwriter, and journalist.

Dr. Meraj Ahmed Mubarki, Assistant Director at the UGC-MMTTC and President of the University Film Club, emphasized the significance of the event: "Organizing this inaugural lecture in memory of KA Abbas represents a crucial step in recognizing cinema's role as both a cultural repository and a means of social commentary. Abbas's work exemplified how films can serve as powerful vehicles for social change while remaining rooted in our rich cultural traditions."

Professor Bhaskar's comprehensive lecture examined the intricate tapestry of Islamicate aesthetic and cultural elements that have shaped Bombay cinema's distinct

identity.

"The poetic sensibilities, musical traditions, and architectural motifs of Islamicate culture have contributed immeasurably to the visual and narrative language of Indian cinema," noted Professor Bhaskar during her presentation.

"These influences transcend religious boundaries and have become an integral part of our shared cinematic heritage."

Mr. Meraj Ahmed, Assistant Professor at the Department of Mass

Communication and Journalism and Secretary for Cultural Activities at the university, highlighted the educational value of the lecture: "Events like these provide our students with critical historical context for understanding the evolution of Indian cinema. Professor Bhaskar's insights into how Islamicate cultural elements have been integrated into mainstream Bombay films helps students appreciate the complex cultural exchanges that have shaped our national cinema."

The lecture sparked engaging discussions among attendees, with many students expressing appreciation for the opportunity to engage with film history from a cultural studies perspective.

The University Film Club plans to make the KA Abbas Memorial Lecture an annual event, inviting prominent film scholars and practitioners to address various aspects of Indian cinema's rich heritage and ongoing evolution.

"We hope this lecture series will inspire our students to explore the multifaceted nature of Indian cinema and appreciate the diverse cultural influences that have contributed to its unique character," added Dr. Mubarki. "KA Abbas's legacy reminds us that cinema can be both artistically significant and socially purposeful."

Central Board recommends 8.25% Interest on EPF

New Delhi, Feb 28 (UNI) The Government has retained 8.25 rate of interest on Employees Provident Fund (EPF) for the financial year 2024-25.

"The Central Board of Trustees (CBT), EPF, recommended 8.25% annual rate of interest to be credited on EPF accumulations in members' accounts for the financial year 2024-25. The interest rate would be officially notified by the Government of India, following which EPFO would credit the rate of interest into the subscribers' accounts," Ministry of Labour & Employment said in a statement after the

meeting of the CBT.

The meeting was chaired by Union Minister for Labour & Employment and Youth Affairs & Sports, Dr. Mansukh Mandaviya.

Compared to many other fixed-income instruments, the Employees' Provident Fund (EPF) offers relatively high and stable returns, ensuring steady growth of savings. The interest earned on EPF deposits is tax-free (up to a specified limit), making it a highly attractive investment option for salaried individuals. This reflects strong confidence in the credit

profile of EPFO's investments and its ability to deliver competitive returns to its members, the Government said.

Further continuing with the reform agenda, the CBT, under the Chairmanship of Dr. Mandaviya, took few more decisions during the CBT meeting. The major decisions taken by the Board in the meeting include, enhancement of insurance benefits under EDLI Scheme. Following the actuarial valuation of the Employees' Deposit Linked Insurance (EDLI) scheme, the Board

approved key modifications in scheme to provide greater financial security and support to the family of members. This will address major grievances under this category and ensure a more inclusive approach to benefit claimants.

Minimum Benefit Introduced for death within one year of service.

A minimum life insurance benefit of Rs. 50,000 will be provided in cases where an EPF member dies without completing one year of continuous service, the statement said adding this amendment is expected to

result in higher benefits for more than 5,000 cases of deaths in service, every year.

Benefit for Members who die while in service after a non-contributory period. Previously, EDLI benefits were getting denied in such cases considering these as death away from service. Now, if a member passes away within six months of their last contribution received, the EDLI benefit will be admissible, provided the member's name is not stuck off from rolls. The modification is estimated to result in benefits for more than 14,000 cases of such death cases every year.

Amit Shah holds review meeting on law and order in Capital

New Delhi, Feb 28 (UNI) : Union Home Minister Amit Shah on Friday chaired a crucial meeting to review the law and order situation here.

The meeting was attended by Delhi Chief Minister Rekha Gupta, Delhi Home Minister Ashish Sood and senior officers from the Delhi government.

Besides, Delhi Police Commissioner Sanjay Arora, Union Home Secretary, Intelligence Bureau (IB) Chief, and senior officers from the Ministry of Home Affairs were also present in the meeting.

According to sources, the meeting focused on

strategies to enhance coordination between the newly formed Delhi government and the Delhi Police, as well as strengthen the policing measures to address emerging threats to law and order in the city.

The meeting also discussed how to improve the coordination between

the Delhi Police and the newly formed Delhi government.

The meeting also assumed importance on how to tackle the new law and order challenges in the National Capital while simultaneously strengthening the police's effort to address these challenges.

MHRC continues police reform campaign

(Standard Post Bureau)

Bishnupur, Feb 28 : Manipur Human Rights Commission (MHRC) continues to conduct an awareness programme under the theme "Needs of Police Reforms to ensure Human Rights". The awareness campaign held at the conference hall of SP, Bishnupur with Shri Ravikummar (IPS), SP Bishnupur, and other senior officers, including Officers-in-Charge and Investigation officers in attendance.

MHRC Member Shri Kangjam Khagendra Singh and Head of Investigation Division IGP Smt. Mamata Wahengbam, IPS, attended the awareness programme as a functional president and facilitator. Smt Rosita Haobam (IAS), Secretary, MHRC highlighted the importance of the programme, she said the campaign aims to make police officers particularly Officer-in-Charges and Investigation Officers aware of various Guidelines and Special Operating Procedures issued by the National Human Rights Commission so that police officers follow these guidelines and special operating procedures.

The awareness programme further deliberated on the Protection of Human Rights, 1993, which serves as the legal foundation of human rights commission in India. Discussions also covered the Paris Principles, an international principles which ensure independent functioning of human rights institutions and NHRC guidelines on police public relationships and death in police actions, etc. "The MHRC distributed a book titled "A Basic Handbook for Human Rights Advocates and Investigation officers." MHRC Member Khagendra Singh advised the police officers to follow prescribed guidelines and laws while maintaining law and order.

Bharat Biotech CEO Dr Ella inspires Future Innovators at GITAM ahead of National Science Day

Hyderabad, Feb 28 (UNI) On the eve of National Science Day, GITAM Deemed to be University had the distinct honor of hosting Dr. Krishna Ella, Padma Bhushan Awardee, renowned Indian scientist, entrepreneur, and vaccine innovator.

As the MD & CEO of Bharat Biotech (BB), Dr. Ella shared his remarkable journey in science and entrepreneurship, inspiring students and researchers through his insights and experiences.

In a captivating address as part of the GITAM Changemakers series, Dr. Ella recounted his journey from founding Bharat Biotech to the development of groundbreaking vaccines, including Covaxin, Tybpar TCV, and ROTAVAC.

With over 4 billion vaccine doses delivered worldwide, his contributions to translational research are transforming global healthcare and positively impacting billions of lives.

Reflecting on his upbringing in an agricultural family, Dr. Ella emphasized the importance of simplicity in scientific inquiry. "Think of science in the simplest language, and you will find the best solutions for the world," he advised. He encouraged young minds to observe their surroundings and ask questions, advocating for a culture of innovation that values imagination and practicality.

Dr. Ella stated, "The world is very divided, and innovation is the key to bridging that divide. If India aspires for 12 to 15 percent GDP growth, innovation is the only way forward."

He lamented the current

state of innovation in India, urging the audience to recognize the wealth of scientific knowledge available and to embrace the fundamentals of science.

Bharat Biotech, which began its journey with just two employees, has grown to a team of 4,000 across five locations.

Dr. Ella highlighted the significance of clinical research as an integral part of life and the need for a shift in perspective toward problem-solving.

During the event, Dr. Ella was honored by Sribharat Mathukumilli, President of GITAM, and Dr. Virander Singh Chauhan, Chancellor of GITAM.

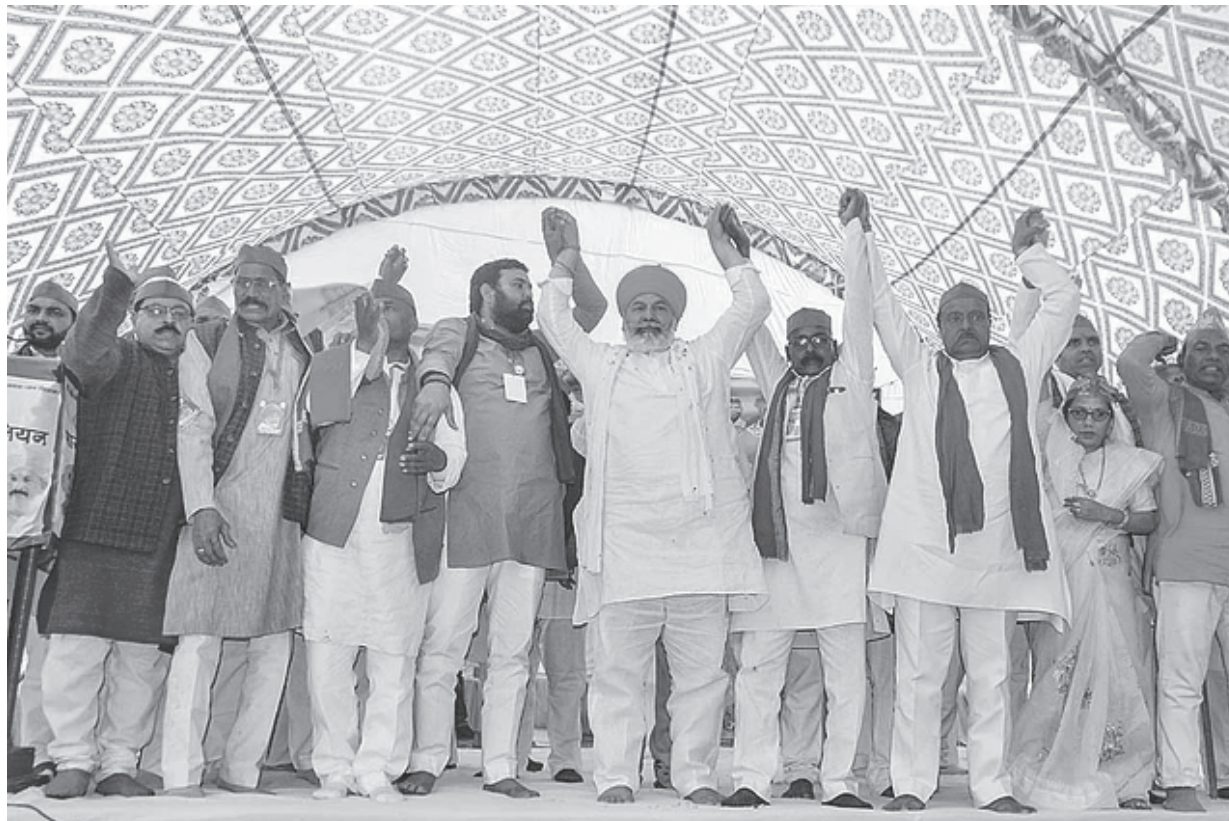

The session was introduced and moderated by Dr. Srivari Chandrasekhar, former Director of ICT and Distinguished Professor at GITAM.

Earlier in the day, Dr. Ella inaugurated the Multidisciplinary Unit of Research on Translational Initiatives (MURTI) at GITAM Deemed to be University, Hyderabad.

This state-of-the-art research center aims to foster interdisciplinary research and tackle significant regional, national, and global issues.

Dr. Ella encouraged GITAM researchers to align their basic research projects with industry needs, emphasizing the importance of practical applications in scientific discovery.

Dr. Ella expressed gratitude for the GITAM campus, likening it to renowned institutions like MIT, and thanked the founder president, Dr. MVVS Murthi, and his grandson, M. Sri Bharat, for their visionary leadership.

Bharatiya Kisan Union (BKU) spokesperson Rakesh Tikait during 'Kisan Mahapanchayat', in Mirzapur, Uttar Pradesh.

CM urges Rajnath to declare Hyd-Bangalore as 'Defence Industrial Corridor'

Hyderabad, Feb 28 (UNI) : Chief Minister A Revanth Reddy on Friday urged Union Defence Minister Rajnath Singh to declare Hyderabad-Bangalore as 'Defence Industrial Corridor'.

Participating in the Vigyan Vaibhav- 2025, a two-day science and technology extravaganza organised as part of National Science Day celebrations, which was inaugurated by Defence Minister Rajnath Singh at

Gachibowli here, Revanth Reddy said that Hyderabad and Bangalore are important centers for the country's defence sector and if declared as Defence Industrial Corridor, it will bring in huge investments.

Startups like Sky Route, including rocket manufacturing will also develop, the CM said and urged Rajnath Singh to extend cooperation and support in this regard.

"We will make efforts

to promote India as number one country in the defence sector", he assured. The responsibility of safeguarding the country lies with the youth, Reddy said, noting defence establishments like BDL, DRDO, Midani, HAL are manufacturing rockets and missiles from Hyderabad for the country. The city of Hyderabad has been playing an important

active role in the defence sector in the country, he claimed and said this science exhibition was organised to inspire and educate lakhs of students on patriotism and the responsibility of protecting the country.

Every year, more than one lakh engineering graduates from Telangana, especially those studying computer science, are going to America, the Chief Minister said that we are organizing this science exhibition to

explain the importance of the national defence system with patriotism among them.

We are trying to provide efficient engineers required for the country's defence sector apart from sending IT professionals from Telangana to America, Reddy said generating more engineers for the defence sector is more important.

Many organizations like BDL, HHL, Midani, DRDO in Hyderabad have been working exceptionally in the field of production for the country's defence sector before and after India attained independence, he added. The event was jointly organized by DRDO, ACSI, and Kalam Institute of Youth Excellence to commemorate National Science Day in honour of legendary scientist Sir CV Raman and his groundbreaking contributions to science.

Vice President Dhankhar to pay short visit to Hyd on Mar 2

Hyderabad, Feb 28 (UNI) Vice President Jagdeep Dhankhar will visit Telangana on March 2.

During his short visit, Dhankhar will visit IIT Hyderabad, where he will interact with the faculty, staff and students of the Indian Institute of Technology (IIT), Hyderabad, an official release said here on Friday.

He will also attend a private programme in the city and leave for New Delhi on the same day.

Chief Secretary Santhi Kumari, who held a meeting with senior officials and reviewed the arrangements being made for the visit of the Vice President, directed the officials to work in close coordination between all the departments so as to ensure that there is no communication gap and arrangements are made in a befitting manner.

She told the Police department to make adequate security arrangements, law and order and bandobust arrangements.

The R&B department was advised to coordinate with the Police department and make necessary arrangements.

The health department was told to make available the services of qualified Doctors and other paraphernalia.

Similarly, the Energy department was told to ensure uninterrupted power supply at all the places of the visit of the dignitary.

Special Chief Secretary (Home) Ravi Gupta, Special Chief Secretary (R& B) Vikas Raj, Secretary Political Raghunandan Rao, I and PR Commissioner Dr S Harish, Collectors of Hyderabad and Sanga Reddy and other police officials attended the meeting.

Party workers should work hard until Rahul Gandhi is made PM: CM

Hyderabad, Feb 28 (UNI) : Chief Minister A Revanth Reddy on Friday gave a call that Congress workers should work hard until Rahul Gandhi is made the Prime Minister and remove Modi from the PM post. The state government could take up the caste census and SC classification only with Rahul Gandhi's perseverance, Reddy said while addressing the TPCC extended meeting held at Gandhi Bhavan here, attended by newly appointed AICC Telangana Incharge Meenakshi Natarajan.

Congress will do wonders in the country if the party comes to power in the country; he said the party has already done a lot in Telangana by coming to power in the state.

Rahul Gandhi is visiting every village in the country; he said we should not rest until Rahul Gandhi is made the prime minister, and it is the main agenda for us.

We should carry our success stories to the public, as the state government has become a role model for the country by conducting a caste census in the state; he said even big critics are praising our government. We should take our success story to the people.

Vacant corporations, market committees, and other nominated posts in various districts in the state will be filled, he said, and he asked the in-charge ministers to take necessary steps to fill the posts in all districts by March 10.

Fire breaks out in residential building at Puppalguda, three killed

Hyderabad, Feb 28 (UNI) : Three people, including a 7-year-old girl child, died in a fire that broke out in residential building at Puppalguda, outskirts of the city on Friday evening.

All three died, which might be due to suffocation, and a short circuit is suspected to have led to the fire that broke out on the ground floor of a two-story building at around 6 pm, police said here.

On information, the Langer House firefighters immediately rushed to the fire spot and shifted two women and a girl, who were trapped in a room on the first floor in an unconscious state, to the hospital.

All three, identified as Jameela (70), Suhana (40), and Sijira (7), died in the hospital, police added.

We are only demanding state's due share, not Modi's assets: CM

Hyderabad, Feb 28 (UNI) Making a further pitch for the state's funds from the Centre, Telangana Chief Minister A Revanth Reddy on Friday said his government was only demanding the state's due share and not the "assets" of Prime Minister Narendra Modi.

"We are not demanding Modi's assets or Union Minister Kishan Reddy's

assets but demanding the union government release the state 's due share," Reddy said at a media meet here.

"Isn't it true that Modi made a clear statement on the Regional Ring Road that day? Why isn't the metro being put in the Union cabinet meeting agenda, he asked and wondered "Who is pressuring the cabinet not to put it on the agenda?"

Over 9.96 lakh students to attend upcoming intermediate exams

Hyderabad, Feb 28 (UNI) : About 9.96 lakh students are appearing for the upcoming intermediate exams across 1532 Examination centres in the state, scheduled to commence from March 5 to 25, 2025.

Chief Secretary Santhi Kumari, who conducted a video conference here Friday with all district collectors on upcoming Intermediate Public March Examinations 2025, informed that the government attaches utmost importance to the smooth conduct of examinations.

She directed that all the officials should put up good teamwork to ensure that the exams are conducted in a smooth manner.

The CS instructed the police department to see that the Xerox centres are closed during exams and the imposition of 144 sections around the centres for providing question

paper storage points in the police stations and also ensure smooth transit of traffic at crucial places.

She also instructed collectors to ensure safe and timely dispatch of answer book parcels in coordination with the Postal Department.

She warned that strict action will be taken against officers and management involved in malpractices.

Special arrangements should be made for the specially disabled students, and scribes should be draughted and made available for the visually impaired students, she added.

Secretary Board of Intermediate Education Krishna Aditya said that transport facilities are being arranged to ply the students to their examination centres by TGSRIC.

Air India Express announces 'Payday Sale,' with fares from Rs 1,535

Hyderabad, Feb 28 (UNI) Air India Express, a Tata Enterprise and a subsidiary of Air India, on Friday announced it has launched its 'Payday Sale,' offering Xpress Value fares from Rs1,535 and Zero Check-in Baggage Xpress Lite fares available exclusively on airindiaexpress.com, starting at Rs1,385.

The sale is open for bookings made till March 2, 2025, and for travel till September 19, 2025, the airlines said in a release.

Air India Express offers Zero Convenience Fees on Xpress Lite bookings made through its award-winning website, airindiaexpress.com. Xpress Lite fares also offer added benefits, including the option to pre-book an additional 3 kg of cabin baggage at no cost and discounted check-in baggage rates – ?1,000 for 15 kg on domestic flights and ?1,300 for 20 kg on international flights.

Additionally, the airline's website offers fab deals for loyalty members, including exclusive discounts on upgrades to Xpress Biz seats, the airline's business class equivalent with an industry-leading seat pitch of up to 58 inches. Biz seats are available on 33 brand new Boeing 737-8 aircraft that Air India Express has recently inducted as part of its rapid expansion.

Additionally, logged-in members enjoy 25 percent off on 10 kg Xcess Check-In Baggage and 25 percent off on 3 kg Xtra Carry-On Baggage. Loyalty members also get 25 percent off on 'Gourmet' hot meals, prime seat selection, and Xpress Ahead priority services. Furthermore, the airline continues to provide special discounted fares and benefits on its website for students, senior citizens, doctors, nurses, members of the armed forces, and their dependents, ensuring a wide range of benefits for flyers across India, the Middle East, and Southeast Asia.

Pawan Hans Ltd
(A Govt. of India Enterprise)

Notice Inviting E-Tender no: PHL/CO/GED/2024-25/6

Name of the work: Supply, Installation, Testing and commissioning of Passenger Lifts at PHL, Juhu housing complex, Mumbai.

Estimated cost - Rs 51.69 lakhs (INR)

Mode - Through e-tender under item rate single stage two bid system. Last date for submission of techno-commercial bid – 10/03/2025

Eligible bidders may download the bid document on payment of tender cost of Rs 4249/- through RTGS / NEFT mode from **21/02/2025** & for complete details visit website: **www.pawanhans.ewizard.in** & **www.pawanhans.co.in**. Addendum / Corrigendum if any shall only be hosted on website.

STANDARD POST

UN report says Lebanese children struggle with hunger, trauma, lost of education

The United Nations Children's Fund (UNICEF) released a report on Friday on the lasting negative impact on Lebanese children from the Israel-Lebanon conflict even after the ceasefire, calling for urgent support to help them rebuild their lives.

In a survey conducted by UNICEF last month, 72 per cent of caregivers said their children were anxious or nervous during the war, and 62 per cent said they were depressed or sad, which "represents a surge from pre-war data collected in 2023"

According to the report, in the densely populated areas of Baalbek-Hermel and Bekaa governorates, repeated airstrikes took a toll on children's nutrition and health.

In Baalbek-Hermel, 51 per cent of children under two are experiencing severe food poverty. In Bekaa, the rate was 45 per cent, a dramatic increase from 28 per cent in 2023, the report said.

The report also pointed out the challenging education situation in Lebanon.

Despite the ceasefire, school attendance remains low. Over 25 per cent of children were still not attending school as of last month's survey, compared to 65 per cent during the conflict.

Meanwhile, financial barriers prevent many children from attending school. Two-thirds of families with children out of school report that the high costs of school fees, transportation, and materials are the main reasons, a number that has doubled since 2023.

The report added that schools were destroyed or heavily damaged in the war, and hundreds more were used as shelters for some of the 1.3 million people who were internally displaced due to the conflict.

UNICEF urged the global community to aid Lebanon's children by contributing to their 2025 appeal for \$658.2 million, which aims to provide lifesaving assistance to 2.4 million people in the country, Xinhua news agency reported.

"Lebanon must receive the help it requires to restore vital infrastructure and services, ensuring that children have a future to look forward to," said Akhil Iyer, UNICEF representative in Lebanon.

"We call on all parties to abide by the terms of the ceasefire and to work with the international community to sustain peace and ensure a brighter future for children. We call on the country's new government to put children's rights and needs on top of the reform and recovery agenda," he added.

CM Chandrababu Naidu to Launch P4 Initiative on Ugadi for Poverty Alleviation

Government Aims to Empower 5 Lakh Families by August Under P4 Model

(By Ravi Kumar Boppana)

The Andhra Pradesh government, under the leadership of Chief Minister Nara Chandrababu Naidu, is set to launch the P4 initiative on Ugadi, aiming to empower the economically weaker sections.

This initiative, introduced in addition to the existing welfare schemes, is designed to provide further financial and social support to the most underprivileged families.

The "P4 – Family Empowerment and Benefit Management System" has been personally overseen by Chandrababu Naidu, ensuring that it reaches those in genuine need.

The primary objective of the P4 model is to encourage wealthier families to support those at the bottom of the socio-economic ladder, thereby promoting social equity. Chandrababu Naidu has emphasized the need for a structured and sustainable approach to uplift the most disadvantaged sections of

society. The government is making all necessary arrangements to launch this program on Ugadi. Initially, the scheme will be implemented in four villages as a pilot project, benefiting 5,869 families. Based on the results and impact of this phase, the initiative will be expanded to cover more families across the state.

To ensure that assistance reaches those who need it the most, the government has laid down clear eligibility criteria. Families that own more than 2 acres of wetland or 5 acres of dry land, hold government jobs, pay income tax, own four-wheeler vehicles, consume over 200 units of electricity, or possess property in municipal areas will be excluded from the program. Based

on these criteria, the state government estimates that 40 lakh families qualify for P4 assistance.

The process of identifying eligible families is already underway. A household survey began on February 20 in 10 districts and will be completed by March 2. Of the 52 lakh families in these districts, 27 lakh families have already been surveyed. The second phase of the survey, covering 16 more districts, will begin on March 8 and conclude by March 18. This phase will evaluate 76 lakh families. The government has assured that this survey is meant solely for identifying new beneficiaries and will not affect the existing recipients of welfare schemes.

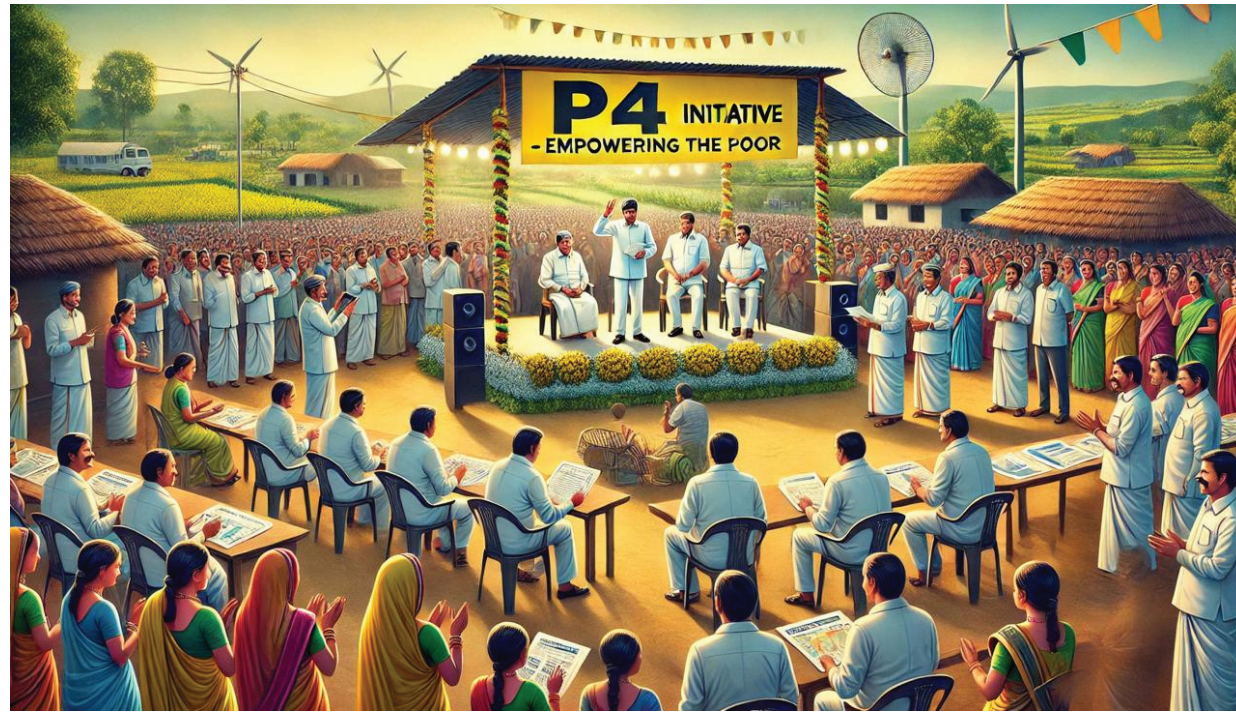

Once the verification

process is complete, eligible families will be linked with supporting families through the Samruddhi Bandhanam platform. The government's role will be limited to facilitating connections, monitoring progress, and ensuring accountability. The assistance provided under this scheme will be entirely voluntary, and there will be no forced participation. The government aims to complete the verification of 5 lakh families by August 2025, integrating them into Samruddhi Bandhanam to ensure greater economic and social empowerment.

With Chandrababu Naidu personally overseeing the implementation, the P4 initiative reflects his vision of a poverty-free, progressive Andhra Pradesh. By fostering community-driven empowerment and inclusive growth, the government aims to bridge the gap between different economic classes and create a stronger, self-sufficient society.

Revolutionary iTIND Solution for Urinary Issues in Youth at AINU

(Standard Post Bureau)

Doctors at the Asian Institute of Nephrology and Urology (AINU) have introduced a groundbreaking, advanced solution for urinary problems. A 38-year-old man from West Godavari, Andhra Pradesh, was experiencing severe

allowing normal urination without discomfort. This is a minimally invasive procedure that does not require tissue removal. Unlike traditional urological surgeries that may impact sexual function, iTIND has no such side effects.

PBNO can cause severe discomfort. While an

promptly, and the iTIND device was implanted, leading to complete symptom resolution. Since this procedure is performed on an outpatient basis, patients can go home the same day. Only local anesthesia is required, making it safe even for individuals with heart or

TATA.ev Celebrates 2 Lakh EVs on the Road

(Standard Post Bureau)

TATA.ev, the pioneer of India's EV revolution and leader of the Indian EV market with over 2 Lakh EVs on the road, extended the celebration of this momentous milestone by thanking its customers and unveiling a set of limited period exclusive benefits for the next 45 days to not only encourage new customers to adopt sustainable and emission free electric mobility, but also allow current Tata Motors passenger and electric vehicle owners to upgrade to a new EV.

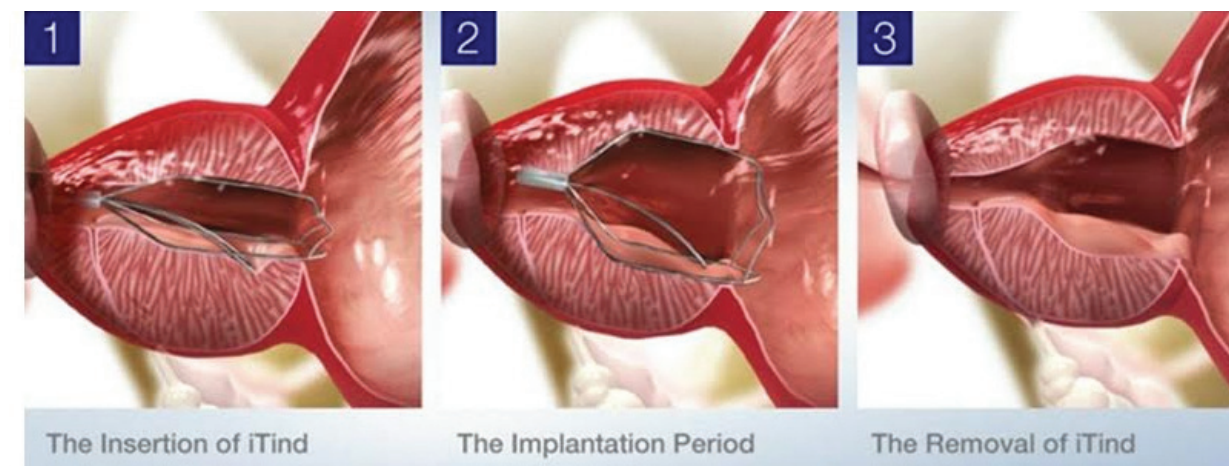

TATA.ev's customer base of over 2 lakh satisfied EV adopters – who have collectively covered more than 5 bn KM in just 5 years, contributing in cutting down 7 lakh ton of CO2 emissions – has solidified the company's leadership as the highest selling 4-wheeler manufacturer in the EV space, since effectively creating the category.

With over 8,000 EV users surpassing 1 lakh KM, TATA.ev's product portfolio proves its strong value proposition for the discerning customer. In addition to this, TATA.ev is actively investing in developing the ecosystem that makes EV technology more accessible to a mass audience.

It recently announced efforts to double India's public charging infrastructure by installing over 400,000 charging points by 2027. By consistently pushing boundaries and maintaining an unwavering focus on innovation, infrastructure, and market development, TATA.ev is shaping the future of mobility and contributing to India global EV aspirations, one milestone after the next.

As a part of this 45 day bumper celebration, TATA.ev has unveiled a range of benefits for both new and existing customers looking to purchase their favorite Tata EV. These include an exchange bonus, lifetime battery warranty, and 100% on-road finance options. In an effort to enhance charging convenience, the company is extending the free charging benefit of 6 months at any Tata Power charging station, and is now providing free installation of a 7.2 kW AC Fast home Charger with the purchase of an EV.

TATA.ev is also thanking its EV community by offering a loyalty bonus of up to ₹ 50,000 in addition to the incentives being offered. This allows current customers of both Tata Motors passenger and electric vehicles to upgrade to an EV and accelerate India's journey to a greener tomorrow. Snapshot of available benefits as a part of the 2 Lakh TATA.ev celebration:

difficulty in urination—frequent urges, incomplete emptying, and persistent bladder fullness. This condition is known as Primary Bladder Neck Obstruction (PBNO), which affects around 33-45% of men under 55 with difficulty in passing urine. It is commonly seen in individuals with Lower Urinary Tract Symptoms (LUTS).

To address this issue, AINU doctors opted for the iTIND device (Temporarily Implanted Nitinol Device), a revolutionary implant that

is available only in select centers across the country. So far, AINU has successfully helped eight patients with this procedure.

Dr. Madduri Vijay Kumar Sarma, Consultant Urologist at AINU, explained, "This device is placed at the bladder neck within the urinary tract and is removed after seven days. During this period, three small channels are formed at the bladder neck, ensuring smooth urine flow. Even after removal, these channels remain open,

average male urinates four to five times a day, those suffering from PBNO may feel the urge to urinate every hour but struggle to do so effectively. This condition can lead to social embarrassment, preventing individuals from attending meetings or using public transport. Many avoid seeking medical help due to shame, worsening their condition and increasing the risk of kidney damage due to prolonged urine retention.

In this patient, the problem was diagnosed

respiratory conditions. The procedure leaves no scars or stitches and does not interfere with sexual function.

Dr. Vijay Kumar Sarma added, "The iTIND device effectively opens up the prostate and bladder neck, creating a natural urinary channel within 5 to 7 days. Unlike conventional treatments that involve partial removal of the prostate—often resulting in loss of ejaculation—this method is entirely non-invasive, ensuring normal sexual function is preserved."

Russia launches Progress MS-30 cargo spacecraft to resupply ISS

Moscow, Feb. 28 (UNI) : Russia successfully launched the Progress MS-30 cargo spacecraft into orbit using a Soyuz-2.1a rocket on Friday, Russia's state space corporation Roscosmos said.

The carrier rocket lifted off from the Baikonur space center in Kazakhstan at 00:24 a.m. Moscow time Friday (2124 GMT Thursday). The spacecraft is expected to reach the International Space Station (ISS) in approximately two days, with docking to the Zvezda module scheduled for Sunday, Roscosmos said in a press release on its website.

Progress MS-30 carries a total of 2,599 kg of cargo for the ISS, including 1,179 kg of equipment, clothing, food supplies, as well as medical and hygiene products.

Additionally, the spacecraft is transporting 950 kg of fuel for station refueling, 420 liters of drinking water, and 50 kg of nitrogen to replenish the station's atmosphere, it said.

A key delivery of this mission is the new Orlan-MKS No. 6 spacesuit, designed for spacewalks. This model features an advanced internal hermetic shell made from high-tech fabric for enhanced durability, an automated water-cooling system that maintains optimal comfort for the operator, and an upgraded display system.

Indonesia to lower airfares, toll fees for Ramadan, Eid homecoming

Jakarta, Feb 28 (UNI) : Indonesian President Prabowo Subianto has instructed his administration to reduce airfares for domestic passengers and lower toll fees on several major highways during the holy month of Ramadan.

Indonesia, home to the world's largest Muslim population, will begin Ramadan on Saturday. The holy month and the subsequent Eid al-Fitr celebration are closely associated with the homecoming tradition, locally known as mudik, when millions of Indonesians travel to reunite with their families.

The pre-Eid homecoming rush is particularly intense in major cities like Jakarta and Surabaya, where travelers leave by various means of transportation, overwhelming train stations and airports while congesting highways. Prabowo announced that airfare reductions will be in effect for the next two weeks, while toll fees on several major highways will be lowered during Eid al-Fitr and Bali's Day of Silence (Nyepi), which fall close together this year. The policy is part of the government's efforts to ensure a smooth mudik experience and support the Muslim community in fasting and celebrating the holidays comfortably.

Myanmar holds AI Yangon 2025 expo

Yangon, Feb. 28 (UNI) : Myanmar kicked off its largest Artificial Intelligence (AI) expo, AI Yangon 2025, on Friday.

Organized by the My Me My Mine Media Agency, the expo aims to develop AI technology in Myanmar's agriculture and trade sectors while serving as a platform to attract international investments, Han Sak, the agency's founder, told Xinhua on Friday.

Visitors can explore cutting-edge AI technology, attend discussion sessions featuring insights from global AI experts, and learn about AI research and education programs presented by colleges and universities, he said. The three-day expo, featuring over 50 exhibits, runs until March 2, he added.

JUI-S leader Haq among six killed in suicide blast at Nowshera madressah

Islamabad, Feb 28 (UNI) : A suicide blast at Darul Uloom Haqqania seminary in Pakistan's Khyber Pakhtunkhwa province on Friday killed six people, including JUI-S leader Maulana Hamidul Haq Haqqani, and injured 15 others, media reports said.

The blast tore through the main prayer hall of the madressah in Nowshera district as worshippers gathered for Friday prayers, KP Police Inspector General Zulfiqar Hameed, the Dawn reported.

"It was a suicide blast. Three policemen were also injured in the attack," Hameed said.

Rescue officials transported the injured to nearby hospitals. The KP government declared an emergency in all hospitals and health facilities across Peshawar, approximately 70km away from Nowshera by road, the report said.

"The presence of medical staff and necessary medicines must be ensured," read a statement from the KP commissioner's office.

According to media reports, KP Chief Minister Ali Amin Gandapur ordered an immediate report on the incident and directed officials to "provide the best medical facilities" to the wounded.

"Targeting innocent people in a place of worship is an inhumane act," Gandapur said, adding that "all available resources should be used to bring the elements involved in the heartbreaking incident to justice." Pakistan President Asif Ali Zardari strongly condemned the "heinous act of targeting worshippers in a suicide attack," according to a statement from the President's House.

"Targeting innocent worshippers is a despicable and heinous act," he said. "Terrorists are enemies of the country, nation, and humanity." He expressed condolences to the families of the deceased.

Prime Minister Shehbaz Sharif also condemned the incident and prayed for the recovery of Maulana Haq and others who were injured, according to a statement from the Prime Minister's Office. He directed that the best medical facilities be administered to the injured and sought a report of the incident, the report said.

Israeli delegation proposes extending 1st phase of Gaza ceasefire for 42 days: Egyptian source

Cairo, Feb 28 (UNI) An Israeli delegation proposed in Cairo extending the first stage of the Gaza ceasefire agreement for an additional 42 days, an informed Egyptian security source told Xinhua on Friday.

Speaking on condition of anonymity, the source noted the Israeli delegation also proposed that Hamas release three Israeli hostages on Saturday in exchange for Palestinians prisoners, without specifying the number, along with the facilitation of humanitarian aid delivery.

The talks have yet to address the second stage of the deal, which seeks to end the war in Gaza, and secure the complete Israeli withdrawal from the Gaza Strip, the source added.

Egypt, a key mediator, continues to push for an end to the war and the launch of reconstruction efforts in Gaza, the source added.

On Thursday, two delegations from Israel and Qatar arrived in the Egyptian capital Cairo to continue the ceasefire negotiations in the Gaza Strip in the presence of U.S. mediators, according to the Egyptian State Information Service statement.

Iraqi FM, UN envoy discuss UN mission's withdrawal, future cooperation

Baghdad, Feb. 28 (UNI) Iraqi Foreign Minister Fuad Hussein held a meeting here on Thursday with Special Representative of the UN Secretary-General for Iraq Mohamed Al Hassan, during which they discussed the withdrawal of the UN assistance mission and their future cooperation.

At the meeting, Al Hassan briefed Hussein on the work of the UN Assistance Mission for Iraq (UNAMI) and the steps taken to end the mission's tasks by the end of this year, according to a statement by the Iraqi Foreign Ministry.

A UN Security Council resolution issued in May 2024 requires UNAMI's withdrawal from Iraq by Dec. 31, 2025, following a request from the Iraqi

government.

Additionally, the two sides discussed strengthening Iraq's engagement with the UN and enhancing its presence within the organization, especially after Iraq assumed the chairmanship of the Group of 77 and China, the largest

intergovernmental organization of developing countries in the UN.

Hussein commended the role of UNAMI in assisting Iraq over the past years and emphasized Iraq's keenness to continue productive cooperation with the United Nations across various fields, it

added. For his part, Al Hassan expressed his appreciation for the constructive cooperation between the mission and the Iraqi government, affirming the UN's commitment to supporting Iraq in its path toward stability and development, the statement said.

Russian scientists develop Arctic climate monitoring system

Vladivostok, Feb. 28 (UNI) : Scientists from Shirshov Institute of Oceanology of the Russian Academy of Sciences have developed Russia's first system for monitoring climate-active substances in the Arctic Ocean, local media reported on Friday.

"The system integrates both shipborne and autonomous environmental observation platforms. A key component of this newly developed system is the Sea-Air-Wave Station (SAWS), which was successfully tested during

last year's Arctic expedition," TASS news agency quoted the press service of the institute as saying.

"Measurements of greenhouse gas concentrations demonstrated the high efficiency of the gas analyzers installed on SAWS," it said.

The station has undergone successful testing in Arctic conditions and its configuration will serve as the basis for a network of buoys in the subpolar Atlantic and the

Arctic, it said.

According to the institute, the system will enable efficient monitoring of all parameters of the surface atmosphere and ocean layer, providing critical data for assessing regional gas and energy flux balances in the ocean.

The data collected from the hydrometeorological station have, for the first time, allowed researchers to obtain quantitative characteristics of energy and greenhouse gas flux variability between the ocean and the atmosphere

in real time. The Arctic is often referred to as the "engine of global weather" due to its heightened sensitivity to climate change.

The ocean serves as a long-term heat reservoir, absorbing approximately 92 percent of excess heat entering the atmosphere due to human activities.

The project, approved by the Russian government in 2022, is being conducted by six scientific consortia dedicated to monitoring processes on land, in oceans and forest ecosystems.

IDF releases findings of October 7 investigation

Jerusalem, Feb 28 (UNI) : The Israel Defense Forces has released findings of its investigation into the October 7 attack, during which the Hamas movement killed and kidnapped hundreds of Israelis. One of the investigation's main findings highlights the scale on which the Israeli intelligence failed, as the surprise element and operational collapse on that day were greater than those of the 1973 Yom Kippur War.

"The surprise was total—situational and fundamental—against a strategic deception that lasted years, an operational

deception leading up to the attack, and a tactical deception throughout the night before the invasion," the Ynet news portal quoted the investigation report as saying.

According to the report, initially Hamas planned to stage the attack on Jewish holidays in 2022 or later on Passover (early April) in 2023, but then rescheduled to give its elite Nukhba forces more time to prepare.

Moreover, the investigation found that the movement has been systematically preparing for the operation since 2016. The Gaza Strip conflict of 2021 just cemented the

perception that Israel is weak and the full "liberation" of the enclave is possible. By July 2023, Hamas had already developed a full complex war plan coordinated with Lebanese movement Hezbollah and Iran and directed at the destruction of Israel. The report also alleges that Hezbollah did not immediately join the conflict over a disagreement with Hamas that occurred during the July 2023 coordination.

Despite serious mistakes, the investigation cuts short of putting personal blame on anyone, leaving any disciplinary measures in the hands of

Maj. Gen. Eyal Zamir, the successor of outgoing IDF Chief of Staff Lt. Gen. Herzi Halevi. In a separate statement following the report's publication, Halevi said that he bears full responsibility for the events. "My responsibility is mine. I was the commander of the military on October 7th, and I have my own responsibility. I also carry the weight of all your responsibility—that, too, I see as mine. And when I see any of my subordinates who made mistakes, I see my own share in it as well," he said. On October 7, 2023, Israel was subjected to an unprecedented rocket

attack from the Gaza Strip. In addition, fighters of Palestinian movement Hamas infiltrated the border areas, opened fire on the military and civilians and took around 250 hostages. Israeli authorities say that about 1,200 people were killed during the raid.

In response, the Israel Defense Forces launched Operation Iron Swords in the Gaza Strip and announced a complete blockade on Gaza, cutting off water, electricity, fuel, food, and medicine. Gaza's health ministry has reported over 48,350 Palestinian deaths and more than 111,700 injuries since the conflict began.

Zelensky's White House meeting with Trump grows heated

Washington, Feb 28 (UNI) : An Oval Office meeting with President Donald Trump, Vice President JD Vance and Ukrainian President Volodymyr Zelensky devolved Friday afternoon into a hostile confrontation, as Trump threatened Zelensky to make a deal with Russia, or "we're out," and Vance accused the Ukrainian leader of being "disrespectful."

"You're gambling with World War III. And what you're doing is very disrespectful to the country — this country," Trump said at one point.

The hostile exchange underscored the tension that has emerged between the United States and Ukraine — along with many of its European allies — over the tougher line that Trump has taken toward

the country since coming into office. He has called Zelensky a "dictator" and said that Ukraine, not Russia, started the war, NBC news reported.

The tension in the Oval Office began after Vance said that the path to peace between Russia and Ukraine is diplomacy. Zelensky disagreed, noting that Russia had broken agreements with his government in the past.

"He killed our people, and he didn't exchange prisoners," Zelensky said about Russian President Vladimir Putin. "What kind of diplomacy, JD, you are speaking about? What do you mean?" Zelensky said. "I'm talking about the kind of diplomacy that's going to end the destruction of your country," Vance shot back, adding, "I think it's

disrespectful for you to come into the Oval Office to try to litigate this in front of the American media right now." The heated exchanges came ahead of what was an anticipated rare minerals deal signing between the two countries, and as Trump pressures Ukraine to end the war.

When Vance told Zelensky that Ukraine has "manpower problems" in recruiting troops, Zelensky challenged Vance, noting he had never even been to his country. "I've actually watched and seen the stories," Vance responded. "And I know what happens is you bring people, you bring them on a propaganda tour, Mr. President."

"Do you think that it's respectful to come to the Oval Office of the United States of America and

attack the administration that is trying to prevent the destruction of your country?" he added.

Zelensky said that everyone has "problems" during the war and suggested that the US doesn't feel the effects of the war because of the "nice ocean" between the two countries. He said the U.S. may not feel the effects now, but added, "You will feel it in the future."

"You don't know that," Trump retorted. "You don't know that. Don't tell us what we're going to feel. We're trying to solve a problem. Don't tell us what we're gonna feel, because you're in no position to dictate that. You're in no position to dictate what we're going to feel. We're going to feel very good." "You don't have the cards right now," Trump said, as Zelensky

continued to interject and disagree. "With us, you start having cards. Right now, you don't have your playing cards, you're gambling with the lives of millions of people. "You're gambling with World War III. You're gambling with World War III."

"Have you said thank you once, this entire meeting? No, in this entire meeting, have you said thank you?" Vance said.

"We are thankful," Zelensky said. "You have to be thankful," Trump added. "I've empowered you to be a tough guy," Trump said. "And I don't think you'd be a tough guy without the United States. And your people are very brave, but you're either going to make a deal or we're out, and if we're out, you'll fight it out."

China firmly opposes U.S. tariff threat, vows to safeguard interests

Beijing, Feb. 28 (UNI) : China firmly opposes the United States' threat of a further 10-percent tariff on goods imported from China on the pretext of fentanyl-related issues, the Ministry of Commerce (MOC) said Friday. If the United States persists, China will take all necessary countermeasures to protect China's legitimate rights and interests, an MOC spokesperson said in a statement.

While saying that China has taken note of the U.S. move, the spokesperson said that China had repeatedly stated that the unilateral imposition of extra tariffs violates WTO rules and undermines the multilateral trading system.

China is one of the countries that has the strictest drug control policies and highest levels of enforcement globally, and China has actively launched international drug control cooperation, including the United States, the spokesperson said. However, the United States has repeatedly ignored objective facts, and has previously imposed an additional 10 percent tariff on China using a similar pretext and is now threatening to impose more tariffs once again.

Such actions are outright blame-shifting, which not only unhelpful to the resolving of its own problems but also likely to increase the burden on U.S. businesses and consumers while undermining the stability of global supply chains, the spokesperson said. China hopes the U.S. side will not repeat its mistakes and return quickly to the right path of resolving differences through equitable dialogue, the spokesperson added.

USAID's closure to affect fight against AIDS in DRC : Prime Minister

Geneva, Feb 28 (UNI) The closure of the US Agency for International Development (USAID) will negatively affect the fight against AIDS in the Democratic Republic of the Congo (DRC), DRC Prime Minister Judith Suminwa Tuluka told Sputnik.

"Of course, we still receive significant humanitarian aid through a number of UN organizations, such as the UNHCR, the High Commissioner for Human Rights, or, in particular, UNICEF, which operate in the country. The World Health Organization, for example, plays a special role in preventing a number of epidemics. The fact that USAID's aid has been terminated directly affects a number of organizations that are involved in the prevention and treatment of AIDS. Thus, there is a risk not only for the DRC, but for all countries that receive this aid," the prime minister said. In early February, US President Donald Trump appointed Secretary of State Marco Rubio as acting head of USAID.

Home & Garden

Pick the right container for your Plants

Whether you live in a tiny apartment or on a large bungalow, gardening in containers is a way to add colour and the beauty of nature to your surroundings. The three main elements of creating successful containers gardens are:

1. Choosing the pots
 2. Getting the right planting medium
 3. Selecting the plants
- In all of these elements, the key is to create a healthy growing environment for the plant roots. For a healthy root system, water must be able to pass quickly through the soil. As the water drains out, air replaces it in the soil and an exchange of carbon dioxide is made with the plant roots. This movement of water and air is essential to a healthy plant.
- Here are some tips to help you choose from the dizzying array of pots, troughs and boxes:

Location

Pick the spot for your garden first and then find a container to suit it. For example, a quaint wooden trough would not suit a modern balcony, nor would classic urn shaped pots be the best choice for an informal garden. In addition to style considerations, give attention to size and proportion issues.

Weight

Consider the weight of the container — not only empty, but filled with wet soil and plants. If there is a strong prevailing breeze across your outdoor space, the container must be heavy enough to prevent it from tipping over. On the other hand, the structure on which the containers are placed must be able to support them.

Materials

Clay/terracotta pots are attractive and complement a wide range of foliage and flowering plants. They are the traditional potting container because, in addition to draining well, they wick moisture through their sides. This provides a drier root environment, which means less opportunity for root diseases. However, it also means more frequent watering is needed. If you tend to underwater, use terracotta pots for only drought tolerant plants, or choose another type of container.

On the down side, clay pots can be heavy and must be protected in colder climates during the winter to prevent cracking. A glazed clay container is non-porous, creating a moisture barrier. Because this will not allow the root system to breathe,

glazed pots are best used with a regular terracotta pot inside of them.

Plastic pots are inexpensive, lightweight and functional, and come in a wide variety of shapes, sizes and colours. If you don't like the look of plastic, apply a faux finish to fool the eye, or slip the plastic pots inside other containers. With the proper soil mix and attentive watering, plants do well in plastic pots. If you tend to underwater your plants, plastic is a better choice than terra-cotta for you. However, plastic containers may need to be weighted down to stay in place on windy days.

Wood containers look good in naturalistic environments, and most plants do well in them. Wood drains better than plastic but does not have the wicking advantage of clay, and wood containers can be heavy when planted. Choose containers made of hardwood, such as redwood, cedar or cypress, which are less susceptible to rot over time. Lining wood containers with heavy-duty plastic bags will give you added protection from moisture, but you must remember to provide proper drainage.

Metal containers can be used successfully in many modern settings. Galvanised containers are the best for planting — they won't leach rust or chemicals into the soil. Unless the container was designed as a planter, you'll need to add drainage holes to the bottom of the pot, or slip other pots inside it.

Quaint Accents

Found items can add variety and whimsy to your container garden. If you're going to plant directly in such items as watering cans, old boots, teapots or wheelbarrows consider drainage and air movement around the roots of the plants. Now that you chosen the perfect containers, you need to select the planting medium and the plants. Go fill your world with beautiful plants!

Create an atmospheric Living room

Usually a living room or hall is the first room one notices on entering a home and must, therefore, be the most comfortable and relaxing zone in your house.

-Arrange your furniture in such a way that one can easily move around without tripping.

-If you have a fairly large hall, then designate separate areas or zones for various activities like dining, lounging, reading and watching television.

-If your hall is small, then opt for a multi-functional arrangement by placing the seating or the dining zone in front of or near to the entertainment or television area.

-Decorative screens, flooring, rugs and even artwork play an important role

in defining the zones in the living room.

- A wall can be made the focal point of the living

room. This can be done by adding interesting accent pieces like paintings and photographs.

Redo your home decor with bright, bold shades

It's time to brighten up the interiors of your home and go for trendy wall colours like lime, orange, purples, pink and sky blue. Many wouldn't approve it, but bright colours can be stressbuster and also create a positive environment.

Leading decor store, Home by Nilkamal Limited, offers easy tips to change the look of your sweet home.

They suggest that give a new look to the wooden knick-knacks by painting the background or the side walls in orange or blue. Put summery cotton and linen bedsheets in bright colours, floral and geometric prints.

Those who love brightness around them, can also put glass vases, planters and other accessories in rustic ceramics in bright shades.

If not too keen to have bright walls, hang a series of bright and vibrant pictures or paintings down a dark hallway.

Accessorise your bathroom with pinks, orange and lemon. For a fresh feel place some aqua or lavender potpourri in your bath area.

To add natural touch, decorate with fresh flowers and plants. Kitchens too can have green planters to bring the soothing effect. Also, you can use wooden accessories to give it a natural look.

Tried and tested home cleaning remedies

You don't always need fancy and expensive home cleaning products from you market; the following will work just fine!

- To clean your microwave: If you use your microwave daily, you will have trouble removing all the greasy food stains from the inside. In a microwave bowl, take half part water and half part vinegar and heat it for five minutes. Once you open, you will just have to clean the inside of the microwave with a wet cloth, as the chemical reaction between the water and vinegar will make it easy for the food

stains to come right off.

- Instead of wasting money on air fresheners that are full of chemicals, make a natural home spray, minus all the harmful

ingredients. In a cup, take a spoon of vanilla extract and bake it in the oven on 360 degrees Celsius for half an hour. The fragrance will spread all over your house!

- Do all the surfaces in your house accumulate with dust, a few hours after you have wiped them clean? You can make your very own dust repeller at home. All you need

is some fabric softener mixed with water. Spray this mixture on a cloth and clean your glass table and it won't immediately layer up with dust.

The mustiness of monsoons can make the interiors dull and drab. Here's how you can make your abode vibrant as you bid goodbye to the rains

Add warmth with colours

There are many things that one can do to spruce up the home. One of them is doing up the home in bright colours to uplift the mood. Put away the blues and greens for the warmer months. The monsoon calls for lively, bright and warm colours such as yellows, oranges and red to brighten up the interiors. Black and greys should be avoided at all costs as the skies are generally overcast and you would need whatever light that enters your house to be enhanced by bright colours and other reflective surfaces. But take care to avoid light colours such as white and cream as they are difficult to keep clean during a squelchy monsoon.

Keep the dampness out

The season demands that you keep your plants out as they retain moisture and add to the staleness in the air. Keeping the plants outdoors has dual benefits - they also get watered naturally by the rains!

The mould and humidity can wreak havoc on your woollens, quilts and heavy blankets. So make sure to air them at least once during the season when the sun comes out.

Wrap your linen in plastic packets before storing them in the cupboards to prevent moisture from getting in. Cottons, silks and woolen fabrics usually attract moisture; so it is advisable to use polyester and nylon bed linen. Kids generally tend to run around bare feet at home getting them dirty in the process; hence it is practical to place small rugs/mats in the bedroom so that they can wipe their feet before clambering onto the bed; it will help to keep the bed clean and dry and save you the trouble of changing the bed linen frequently. Wall-hangings and paintings can also be damaged by the damp

Get rid of the Gloom

air, so minimize the decor on the walls. Also keep an eye out for wall seepage. Wrought iron furniture and decorative pieces at home would also need a coat of anti-rust polish.

Roll away the blinds and carpets

Put up lace curtains or curtains without lining to ensure that natural sunlight filters through them and imparts the interiors a suffused glow. These curtains will allow sufficient light to enter the room, while still allowing you the privacy that you seek. Carpets are a strict no-no in this season as they house dust mites and moulds which can trigger allergies. So store the carpets away in plastic sheets. This will reduce the chances of moisture damaging the carpet.

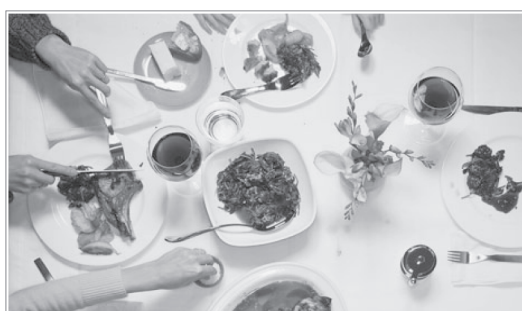

Bright, multi-coloured washable plastic carpet mats are an absolute essential during monsoons. These are light carpets and dry fast even if they get wet or are washed frequently. You may miss the luxurious feel of the regular synthetic fibres, but it is a small price to pay for the health of your menage. A cheaper option to the plastic mats would be the ethnic bamboo or coir mats which also look extremely chic and brighten up the home considerably.

Use glass for gloss

Mirrors hung on the walls can also lend sheen to dreary, dull spaces. Large mirrors in exquisite frames hung on the walls can impart a regal charm to a room. Additionally, they reflect light and create an illusion of a larger space. Brightly painted walls can also help to bounce light around a room and dispel the gloom.

Be a perfect host for Dinner parties

Here are some handy tips on how to be a perfect host.

Being a host and inviting friends for dinner can be a taxing task, if you are not organised. Here are some tips (read: important responsibilities) that a host must follow to give the guests a pleasant experience:

1. Initiate conversation: The host always initiates the conversation between people, especially if it is a bunch of strangers that

you have gathered. 2. Introduce people: Make sure you introduce everyone to everyone before you do anything else so that people can converse with each other when you are caught up in the kitchen.

3. Plan well in advance: Make sure you have everything ready, from what you cook to a menu list for your guests to games to entertain them.

4. Play some music: Make a playlist which includes songs from different genres. Not only is this a great mood enhancer, it also begins conversation amongst a group of people.

5. Always keep water and glasses near the guests so that they don't have to bother you for it.

6. Dishes and laying out the table: Don't let the guests help you with setting up the table and help you with dishes. It is okay only for a family party, nothing else!

7. If they give you gifts at the end of the party, accept them with grace. That is just a way to say thank you for hosting the party.

Wasim Akram explains why he never took head coach role for Pakistan

Islamabad, Feb 28 (UNI) Former Pakistan fast bowler Wasim Akram has clarified why he has never considered taking up the role of head coach or chief selector of the national cricket team, citing the harsh treatment faced by former players in such positions.

Speaking on a sports channel, Wasim Akram addressed a fan's question regarding his reluctance to take on a coaching role. He pointed to the criticism and disrespect often directed at former cricketers who take up coaching roles, using Waqar Younis as an example. "To be honest, a lot of people still, on and off, either criticise me or take digs at me, saying, 'Just let him talk, he doesn't do anything himself,'" Akram said. "When I see Pakistani coaches, including Waqar, who has been a coach multiple times, and how people misbehave with them, I realise that I wouldn't be able to tolerate such disrespect towards me." Despite ruling out a formal coaching role, the former left-arm pacer reiterated his willingness to contribute to Pakistan cricket without financial compensation, according to The Express Tribune report. "I want to help Pakistan cricket. Why do you have to pay me? I'm available for free. Whenever you call me for a camp, I'll come. If you involve me in any tournament, I'll spend time with players," he said.

Akram, 58, also highlighted his personal priorities, stressing the importance of family time.

Vidarbha's Harsh Dubey being congratulated after he broke the Ranji Trophy record for most wickets in a season, during the third day of a Ranji Trophy final cricket match between Kerala and Vidarbha, in Nagpur, Maharashtra. Dubey has taken 69 wickets so far in the ongoing Ranji Trophy season.

Bihar will host 'Asia Rugby U-20 Sevens Championship 2025

Patna, Feb 28 (UNI) : For the first time, Bihar will host the Asia Rugby U-20 Sevens Championship 2025, scheduled for August 9 and 10 in Rajgir.

Top Asian Rugby nations like Hong Kong, China, Thailand, Malaysia, Chinese Taipei, UAE, Saudi Arabia, Uzbekistan, Sri Lanka, Kyrgyzstan, and Nepal are expected to participate in the event.

After signing a Memorandum of Understanding (MoU) with Rugby India, Rugby India, Director-General and CEO of the Bihar State Sports Authority, Ravindran Shankaran said here on Friday that hosting the Asia Rugby U-20 Sevens Championship for the first time is a great honor for Bihar. Highlighting Bihar's

consistent growth in rugby, with its players making rapid progress at the national level, he extended his gratitude towards Rugby India for this opportunity.

Shankaran said that recently, Bihar's women's team won a silver medal in the National Games, and in the recently concluded School Games, both boys' and girls' teams won championships across junior, sub-junior, and senior categories. Over the last three years, Bihar's boys' and girls' rugby teams have won 21 gold and 5 silver medals in the National School Games, National Games, and Senior Rugby Championships. This showcases the growing interest and passion for rugby among

Bihar's athletes.

Speaking about Bihar's focus on international sports events, he said that Bihar has been hosting several international sporting events in recent years. Recently, an MoU was signed for hosting the Sepak Takraw World Cup, scheduled for March 20-25 in Patna. Additionally, the Women's Kabaddi World Cup and Hero Asia Cup Hockey will be hosted in Rajgir. The Khelo India Youth Games are also set to take place in May. With continuous government support, Bihar has successfully strengthened its position in the international sports arena.

Rugby India Secretary General Gerald Prabhu who signed the MoU on behalf of Rugby India

acknowledged Bihar's growing reputation in sports and its ability to successfully host international events. He stated that this was a key factor in selecting Bihar as the host for this championship. He also praised Bihar's grassroots training model, which identifies young talent and prepares them for national and international-level competitions, a remarkable and inspiring approach for other states.

In Asia Rugby U-20 Sevens Championship 8 men's and 8 women's teams will participate. This event will be a milestone for Bihar in international sports, and its successful execution is expected to further boost the state's recognition in the global sporting community.

KL Rahul acknowledges competition with Pant

Dubai, Feb 28 (UNI) : India's wicketkeeper-batsman KL Rahul acknowledged the ongoing competition with Rishabh Pant for a place in the playing XI, stating that while there is always a temptation for the team management to choose between them, his focus remains on performing to the best of his abilities.

"There is (competition with Pant), I won't lie. He is a very talented player and has shown all of us what he can do and how aggressively he can play and how quickly he can change the game. So there is always a temptation in the team with the captain and the coach to think if they should play him or play me.

"For me, whenever I get the opportunity, I try and see what I can do best. I am not trying to compete with Rishabh. I am not trying to play like him, or I am sure when he gets a chance, he is not trying to play like anybody else. He is picked on the basis of how he can play, and the same applies to me," Rahul told reporters ahead of CT clash against New Zealand on Sunday. When asked whether Pant might feature in the upcoming Champions Trophy match, Rahul clarified that he is not part of the leadership group and does not have a say in selection matters.

"Luckily I am not part of the leadership group. I don't have to make that decision. There will be some temptation to try out players who have not gotten a game. But I don't think that will happen in the Champions Trophy, because there is just one day's break between the final group-stage game and the semifinal. That is my version," he stated.

Speaking about Virat Kohli nearing his 300th ODI appearance, Rahul lauded the veteran batsman, highlighting his immense contribution to Indian cricket.

"Words fall short of explaining the kind of player he has been... that's a lot of games, international games, and he has been a great, great player. An important senior player who we always look up to. Hopefully, many more hundreds left in him," Rahul remarked. Regarding concerns over the fitness of captain Rohit Sharma and pacer Mohammad Shami, Rahul dismissed any major worries. "Fitness-wise, there are no concerns about anyone (Rohit Sharma and Mohammad Shami) missing a game as far as I know." Meanwhile, Shami showed signs of discomfort with his ankle early in his spell, briefly leaving the field before returning to bowl. He eventually finished with figures of 0/43 from eight overs. Rohit, on the other hand, appeared to struggle with a hamstring issue following his exuberant celebration of Babar Azam's wicket. He was briefly off the field, handing over leadership duties to vice-captain Shubman Gill before returning for the batting innings.

Meg Lanning's unbeaten 60 seal victory for DCW

Bengaluru, Feb 28 (UNI) Skipper Meg Lanning's unbeaten 60 off 49 balls and a stellar bowling effort from Jess Jonassen and Minnu Mani, who claimed three wickets each, powered Delhi Capitals Women (DCW) to a dominant nine-wicket victory over Mumbai Indians Women (MIW) at M Chinnaswamy Stadium on Friday, taking them to the top of the Women's Premier League (WPL) points table.

Delhi's bowlers delivered a disciplined performance to restrict Mumbai to 123 for 9 in their 20 overs. Despite picking just one wicket in the powerplay, they maintained a tight grip on the scoring rate. Jonassen starred with the ball, claiming crucial wickets of Harmanpreet Kaur (22) and Nat Sciver-Brunt (18), while Minnu also struck key blows, ensuring Mumbai never recovered as they lost wickets at regular intervals.

In response, DCW's openers came out with an aggressive approach. Shafali Verma and Lanning made full use of the powerplay, racing to 57 runs. Shafali, who struck three sixes and four boundaries in an over against Amelia Kerr, played a blistering knock of 43 off 28 balls before falling to Amanjot Kaur.

Seventh seed Shintaro reaches Bengaluru Open SFs

Bengaluru, Feb 28 (UNI) Seventh seed Shintaro Mochizuki ended Czech qualifier Hynek Barton's dream run at the 2025 DafaNews Bengaluru Open, knocking him out of the singles event at the KSLTA Tennis Stadium on Friday. The 2019 Junior Wimbledon champion registered a 7-6(5), 6-3 victory to secure a place in the semifinals, where he will face Australian James McCabe. Organised by the Karnataka State Lawn Tennis Association (KSLTA), the Bengaluru Open is an ATP Challenger 125 tournament with a prize pool of USD 200,000. It holds the distinction of being India's biggest international tennis event, with the champion earning 125 ATP ranking points.

Playing on Centre Court, Mochizuki started strongly, winning the opening game of the first set without conceding a point. The Japanese star then earned two break points in the second game, but Barton fought back to hold serve. As the set progressed, both players displayed high intensity before Mochizuki edged past Barton in a tie-breaker. Mochizuki carried his momentum into the second set, breaking Barton's serve in the first game. He then defended two break points in the second game and

another in game four, ensuring a solid foundation for his victory. The seventh seed wrapped up the match in an hour and 36 minutes.

Earlier in the day, 21-year-old McCabe battled past Colombia's Nicolas Mejia 4-6, 6-4, 6-3 in a quarter-final match lasting two hours and 22 minutes. After losing the first set, McCabe fought back in the second, exchanging breaks in games six and seven before clinching the set in the 10th game. With momentum on his side, the Australian saved three break points in the first game of the decider before breaking Mejia in game six to seal the win. Great Britain's Billy Harris also booked his spot in the semifinals after a hard-fought three-setter against second seed Tristan Schoolkate. Harris, a lucky loser from qualifying, took the first set 6-2 before Schoolkate levelled the match by dominating the second.

In a closely contested decider, Harris, having lost his serve in the opening game, broke back in game six before sealing the match 6-2, 1-6, 7-5. In the doubles event, second seeds Blake Bayldon and Matthew Romios advanced to the final after defeating unseeded Indians Siddhant Banthia and Parikshit Somani 6-3, 7-6(6).

Former Australian batter David Boon to join Cricket Australia board

Melbourne, Feb 28 (UNI) : Test and one-day international batting great David Boon has been appointed to the Cricket Australia board.

Tasmanian Boon, whose 7422 runs in 107 Tests included 21 centuries, will join the CA board on March 28 to fill the vacancy left by Paul Green.

After a six-year stint as Cricket Tasmania's representative on the CA board, Green has stepped down, according to an News.com.au report.

CA chairman Mike Baird said Boon, who also scored 5964 runs in 181 one-day internationals, would bring "vast experience as a player and cricket administrator" to the board.

"David is an iconic figure in Australian cricket universally respected for his accomplishments on the field and, more recently, through his impressive contribution to Tasmanian, Australian and international cricket," Baird said of Boon, who has been a Cricket Tasmania director since 2014 and chairman since 2022.

Boon was also a national selector from 2000 and 2011, and an ICC match referee – a role he will relinquish – for the past 14 years.

Kerala Blasters FC begin quest for three straight wins, starting with playoff bound Jamshedpur FC

Kochi, Feb 28 (UNI) : Kerala Blasters FC will host Jamshedpur FC at the Jawaharlal Nehru Stadium in the Indian Super League (ISL) match on Saturday, at 7:30 pm IST.

The qualification scenario for Kerala Blasters FC is complicated since they bank on a spate of other results. However, the straightforward equation for them is that they need to win all of their remaining games for starters. So far, they have 24 points from 21 games on the back of seven wins and three draws.

Kerala Blasters FC have struggled in recent games, failing to score in their last two home matches, which demands their attack to bounce back. Currently, they remain unbeaten at home against Jamshedpur FC (P5 W2 D3).

Jamshedpur FC have already qualified for the playoffs and will be eyeing a league double after prevailing 1-0 over the Kochi-based team in the reverse fixture.

Kerala Blasters FC have never gone three consecutive home games without scoring in ISL history, and they will want to sustain this record at the end of the forthcoming fixture.

Kerala Blasters FC have leaked 15 goals from set-pieces this season, the second-most in the league after Hyderabad FC (17).

Jamshedpur FC kept a clean sheet in their last

Prajwal, Poonacha felicitated for National Games gold

Bengaluru, Feb 28 (UNI) : Karnataka tennis stars SD Prajwal Dev and Niki Kaliyanda Poonacha were felicitated by the Karnataka State Lawn Tennis Association (KSLTA) with a cheque of Rs 1 lakh each for their outstanding performance in the 38th National Games.

The duo scripted history by clinching Karnataka's first-ever gold medal in tennis at the prestigious event, defeating Services Sports Control Board's Ishaque Iqbal and Faisal Qamar 6-3, 6-1 in the final.

The felicitation took place during the ninth edition of the DafaNews Bengaluru Open 2025 at the KSLTA Tennis Stadium in Cubbon Park, where Karnataka IT Minister Priyank Kharge, presented the cheques. Also in attendance were KSLTA Honorary Joint Secretary and Bengaluru Open Tournament Director Sunil Yajaman and KSLTA Honorary Treasurer Naganand Doraswamy.

Speaking at the event, Priyank, who is also the Senior Vice President of the Organising Committee for the DafaNews Bengaluru Open, lauded the achievements of Prajwal and Niki. "I congratulate both players for their contribution to Karnataka

tennis and for making the state proud with their gold medal at the 38th National Games. The Bengaluru Open is India's biggest professional tennis tournament, and we have worked hard to bring it here. Our efforts aim to provide players with a platform to showcase their talent on the global stage and put Bengaluru on the international tennis map," he said.

The Minister further emphasised KSLTA's dedication to fostering young talent and enhancing infrastructure. "Hosting this event reflects KSLTA's commitment to developing worldclass facilities and giving Indian players the chance to compete against top international stars," he added. The recognition of Karnataka's tennis champions underscores the state's commitment to promoting excellence in the sport. With the DafaNews Bengaluru Open 2025 underway, the event continues to play a crucial role in uplifting Indian tennis talent.

Organised by KSLTA, the Bengaluru Open is an ATP Challenger 125 tournament with a prize pool of USD 200,000. It remains India's premier international tennis event, with the champion set to earn 125 ATP ranking points.

away match (2-0 vs Mohammedan SC). The last time they won back-to-back away games while recording shutouts was in December 2017.

The Red Miners have scored 15 set-piece goals, with only Mohun Bagan Super Giant (20) and Odisha FC (18) netting more from such situations, as they are clearly set to cause threats to the Kerala Blasters FC backline.

The two teams have played 17 matches against each other, with Kerala Blasters FC winning five games and Jamshedpur FC emerging victorious four times. Eight encounters have produced draws.

Kerala Blasters FC interim head coach TG Purushothaman expressed his intentions ahead of the clash against Jamshedpur FC.

"Our only goal right now is to win the coming match. More so, because we are playing at home and we want to do well. We must continue working hard to get a

positive result," he said.

Jamshedpur FC head coach Khalid Jamil assured that his side won't let their guards down upon having qualified for the playoffs.

"We have prepared for this match like we have prepared for all of our games so far. We must approach the game with utmost seriousness," he said.

Kerala Blasters FC's Korou Singh has scored once and made four assists this season, creating 11 goal-scoring chances and making 24 touches inside the opposition's box.

Jamshedpur FC's Ritwik Das has scored in his last three ISL starts. He has 11 ISL strikes for Jamshedpur FC and is one away from becoming the club's second-highest scorer in history.

Kerala Blasters FC's Adrian Luna has three ISL goals against Jamshedpur FC, his joint-most against any opponent. He has netted in his last two meetings with them at home.

Detailed information to this effect is available with Station Masters.

2 lakh 39 thousand new electricity connections in Bhandup and Kalyan circles in eleven months

(Standard Post Bureau)

"Kalyan/Bhandup, Feb 28 : Mahavitaran's Kalyan and Bhandup circles have taken swift and prompt action to provide new electricity connections and have commissioned 2 lakh 39 thousand 19 new electricity connections in the last eleven months. Between April 2024 and February 2025, 1 lakh 35 thousand 839 new electricity connections have been provided in Kalyan circle and 1 lakh 3 thousand 180 new electricity connections in Bhandup circle.

Chief Minister Devendra Fadnavis has directed to speed up customer service and mainly give more speed to new electricity connections. Accordingly, Chairman and Managing Director of Mahavitaran Shri. Lokesh Chandra also gave instructions to speed up customer service according to Ease of Living. Accordingly, special planning was made to increase the speed of new electricity connections in Kalyan and Bhandup circles.

In order to ensure immediate and necessary supply of meters for new electricity connections, a continuous review of new electricity connections and meter availability is being conducted department-wise.

During the last eleven months, 29,556 new electricity connections were provided under Kalyan Mandal I, 35,044 under Kalyan Mandal II, 47,960 under Vasai Mandal and 23,279 under Palghar Mandal Office in Kalyan Circle.

While 27,662 new electricity connections have been made in Thane City Mandal of Bhandup Circle, 44,718 in Vashi Mandal and 30,800 under Pen Mandal Office. Promptness is being shown in providing new electricity connection services within the time frame fixed as per the performance standards and in some places, applicants who fulfill all the requirements are getting new electricity connections in just 24 hours.

Govt should help dependent of deceased from Kumbh's earnings: Akhilesh

Lucknow, Feb 28 (UNI)

Samajwadi Party (SP) president Akhilesh Yadav on Friday said that the Uttar Pradesh government should make arrangements to find and send the missing people home along with compensating the families of the victims of the stampede at Sangam bank from the earnings from the Maha Kumbh.

In a statement issued here, Akhilesh said that as per the Yogi government's claim, the Maha Kumbh has brought several lakh crores of rupees to the state's economy. "The government should make arrangements to compensate the families of the deceased and provide better treatment to the injured from the money earned. Some money from this should be saved to find and send home the thousands of people who are missing," he said.

He said that the shopkeepers who have suffered losses by setting up shops in the fair due to the mismanagement of the UP government should be compensated from this huge earning. "Some amount from this should be announced to be given to all the fair workers as a Holi bonus," he said. The SP chief said that the CM should take inspiration from the great donor emperor Harshvardhan and donate most of the money for the infrastructure of Prayagraj. "Some money from this amount of lakhs and crores should be given for the construction of a truthful institute of 'self-improvement' that 'inspires to speak the truth' and teaches 'morality,' he said.
